

Tech Support

DPN relies heavily on ICT and a 'virtual office' environment, most of which has been provided and setup free of charge by PuzzledWorld.

For help with technical issues you can contact our ICT Director, Steve, through the chat facility below. If further help is needed, a remote support or 'livehelp' session can be used.

`<embed src="http://w.digsby.com/dw.swf?c=qhjvrnbuayg8re5z" type="application/x-shockwave-flash" wmode="transparent" width="250" height="350"></embed>`

`download LiveHelp client for training, remote support or further help`
