

Volunteering

Volunteers Needed!

DPN sees the important role disabled parent volunteers have in making our organisation work well and we are always looking for more people to help.

If you feel you could help, you will first need to become a member of DPN.

After you become a member we will ask you what skills you have, what time you have and how you may like to help us. [Fill in a Volunteer Form](/site/volunteer_form).

To help you we have a page that explains all the things we need help to do - [So You Want To Volunteer](/site/so_you_want).

If you want to talk to someone about ways you may want to help, please ask and we can arrange it.

DPN may also be able to help if there is any training or equipment you may need to volunteer with us.

It doesn't matter how long you've been a parent or a parent-to-be, we welcome people with all kinds of experiences and skills.

Remember, if you have been out of work, volunteering can be a great way back into paid work.

If you would prefer us to send you any of these documents by post please [Contact Us](/site/contact).
